## HELPFUL INFORMATION

- No birds will be or have been sold prior to the auction. Numerous attempts have been made by people and syndicates to purchase the whole loft or part prior to the auction. All have been graciously declined.
- The majority of birds being auctioned are 1<sup>st</sup>, 2<sup>nd</sup> and 3<sup>rd</sup> generation from the family tree, with the majority of their direct parents on show and for auction for you to compare. If you miss the parents, grab the 1<sup>st</sup> or 2<sup>nd</sup> generation.
- These birds' performances and long history are not based on steroids, drugs or illegal performance-enhancing substances. They have intelligence, stamina, intestinal fortitude, strong and powerful lungs and hearts. You too can reproduce these birds and their performances which is a claim you cannot say about some of our current day *so-called* champions who have nothing going for them other than what was used on them, much to the sport's detriment.
- No outcross Harrisons have been used on the ID Colour Harrisons for the last five generations.
- Going to auction will be every colour, shape and size you can imagine, including sprint, middle and long distance birds. If you know your pigeons and DON'T have deep pockets, there is something here for everybody within your budget. Remember every bird is related to every other bird at the auction. They will not all be glamour pussies or show pigeons. Try your luck. There is a good chance that if something takes your fancy, you will be taking it home.
- Starting price for all birds is \$50.00 (not negotiable).
- There will be certain birds (lot number to be specified) to be raffled during the course of the day.
- Food and refreshments will be catered for at a minimal charge on the day.
- For country and interstate travellers, plenty of accommodation is within walking distance of Castle Hill Showground on Showground Road. These include:
  - Quest Apartments, Castle Hill Ph: (02) 8848 1500
  - Grand Mercure The Hills Lodge, Windsor Rd, Castle Hill Ph: (02) 9680 3800
  - Crowne Plaza, Norwest, 1 Columbia Crt, Castle Hill Ph: (02) 9634 9634
- There's plenty of parking within the council carpark directly opposite The Hills District Pigeon Club (pavilion), Castle Hill Showground, where the auction is to be held.
- Help and recommendations on the day will be happily and freely given (no feather pluckers PLEASE), in other words, time wasters or tyre kickers.
- Special note: due to time and health restrictions, at the auction there will be some birds that have not been catalogued prior to the auction but all are still from the same family.
- Contact details for auction day: Ian Doyle - 0413 322220  
Luke Sienkiewicz - 0412 186611  
Grant Daniels - 0406 931036

## HISTORY OF THE KNOBLAUCH HARRISON

(In chronological order)

**1911** - Mr MJ Foy imports the whole Harrison family from England.

**1919** - Mr H Knoblauch acquires Harrisons from Mr EC Bartle of Inverell, NSW. These birds were direct from Mr MJ Foy.

**1926 (approx.)** - Mr O'Brien (NSW) imports from Geo. Harrison of Oakamore, North Staffs, England. Birds were exchanged with Mr HH Knoblauch. These birds were the second introduction to the Knoblauch Harrisons.

**1930 (approx.)** - Mr AS Balfe (Melbourne flyer) obtained birds directly from Mr MJ Foy. These birds were the first introduction to the Knoblauch Harrison.

**1937 – 1938 (approx.)** - Unbeknown to many flyers, Harrisons had also arrived in Australia from Grocott of England who flew the original Harrison strain with great success. These birds were the 3<sup>rd</sup> introduction to the Knoblauch Harrisons.

**1938 - 1939** - Disposal of whole loft of Mr S Ling, brother to Jack Ling who was Mr Foy's loft manager. Birds from this disposal were acquired by Mr O'Brien on the directions of Mr HH Knoblauch. They were forwarded on making up the fourth introduction to the Knoblauch Harrisons.

**1939 - 1940** - Mr Norman S Read of England sends Harrisons from the original stock, dated prior to 1911, that he is still successfully racing in England and has kept pure, to Mr HH Knoblauch. Interesting point to know is at this time Knoblauch Harrison were being sent back to England to improve their stock. This is the fifth introduction of an outcross into the Knoblauch family.

In all five introductions of crosses they were Harrisons, bred and blended in other localities to keep the strain pure, always keeping the original Knoblauch strain dominant and only introducing the cream of the Harrison strain from other localities when sure of its authenticity.

I, Ian Doyle, as a direct descendant of Mr HH Knoblauch, believe this brief history of the Knoblauch Harrison family to be a true and factual account of this strain.
